

## Copyright Clearance Center Instructions for Use

In order to make articles or other full text material available electronically (either through E-Reserves in the library or through your BlackBoard course), copyright clearance must be obtained. If you're uploading copyrighted full text to your BB site, you can check the **Copyright Clearance Center** site at <http://www.copyright.com>, to see if that academic use is covered by the university's annual license with CCC.

Below is a screen capture of the terms of use for articles from The New England Journal of Medicine, for example. Type the name of the journal at the CCC site to get this information. The checkmark next to "Academic License – Digital/Print TERMS" indicates copyright clearance for educational use.
